DETAILED ACTION

Response to Arguments

Examiner called applicant to discuss the claims (see interview summary) where the claims were found to have two primary issues: firstly, that the word "essentially" in claim 1 and elsewhere raised issues under 35 U.S.C. 112, second paragraph, and that the claim scope as presently written clearly read on the prior art of record. This interview was on 26 October 2003 with Patrick Groover and primary examiner Almis Jankus.

Subsequently, applicant proposed claim language that was found to be allowable for the reasons discussed below. Applicant sent examiner a copy of the claim language for submission via examiner's amendment.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claim 6 was allowed in a previous Office Action, where step (d) was found to be novel and non-obvious.

Applicants have added that limitation to the other independent claims that remain pending, rendering those claims in condition for allowance.

Therefore, claims 1, 3-6, and 8 are allowed.

Claim 7 was canceled by mutual agreement that the prior art of record taught that limitation quite clearly.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Patrick Groover (30.059) on November 9, 2005, at 11:30 a.m. EST.

In the claims, **see attached version of claims.**
